## STORY

Halfway through the 16th century, the Knights of St John used Malta Island, with its centre position in the Mediterranean Sea, as defence against Ottoman Turkey and as a marine defence line to protect Christianity, controlling the fate of all Europe. For the first time since the establishment of the Knights of St John, they have accepted a female Knight, Aciel. Even the elder Knights who were fully opposing her acceptance have been overcome by Aciel's sword skills and spirit as a Knight, and now joyfully welcome her into the Knights. Moreover, as Aciel was appointed by the leader of the Knights as the commander of the 9th branch, which is the crux of the 8 branches, she needs to collect Knights from all of the different branches to complete this new branch. Aciel has been given a mission to capture the spy who has infiltrated the Knights. In one glance, she identified the spy as Enrique de Marcus, the vice commander of the Leon of Castile branch who is participating in the test to join the 9th branch.

Help me,
Aciel...
Please,
...allow me to join the 9th branch.
The honest...
Enrique de Marcos,
betrayer,
is sincerely begging me.

Team Zica Credits ***RiderFan*** proofreaded.Thank you! You appeared just in time to save theis chapter!

I understand...

Although you lost against me your sword skill is dependable and therefore respectable

Enrique, by my authority as branch commander, I accept you into the 9th branch.

However!

Aciel...?
Any complaints?
the day after tomorrow. Monday at 10 in the morning.
will be held on
That's why your official acceptance...
This needs a little time for preparation.
SHE MUST HAVE THOUGHT OF SOME PLAN...
is the end of the three day limit Aciel set for herself to catch the spy.
Monday morning at 10,
no complaints
that easy...?
...It's actually,
Of course-

Earned the female Knight's trust!
Same for me!
Aciel!
Please take care of me
and I can execute Third Vizir Sokullu's order
This way I can be even closer to her than before,
Ah ah, he can serve in the same branch as Aciel-sama!
It's impossible. For me, after all
Ah, it is quite fitting
Of course, it's him
The new member is vice Commander Enrique
This way,
Lawrence!
Enrique will be probably be very busy as he move into the 9th branch...
Yes, commander!
I can finally be free
Kidnap Aciel the female Knight, and immediately send her to Constantinople
Yes* if successful, we can probably board the ship leaving on Monday night

ACIEL'S INTERNAL BATTLE PLAN (1)
『"Under supervision"』
Wow... doesn't even discuss it beforehand
yay!
Leon of Castile
Lawrence since you and vice commander were of the same branch,
11
you have to assist him in the time before he moves in with us on Monday
in events big or small!
yes.
TURNS
doki doki
I'll wait for you at 10 on Monday
Ah.. yes.
Please take care of me, vice Commander Enrique!
I'm to keep an eye on him? Should be right?
thump
thump
Everyone today's test is over
Thank you for your participation everyone!
...really, too shocking, commander.

Please have some tea, Ciel-sama
Eh?
You actually allowed a suspected spy
to join our branch and even set his official acceptance to be held on
the end of the three day limit you have to capture him?
!
If all the evidence has been collected
then yes!
Yup
...will you arrest him?
If he comes at the appointed time
!
So we can't possibly arrest him! Vicious!
Because we have no evidence whatsoever
That's it!
...if it's just collecting all the evidence before Monday?
Is it even called a battle plan
...then he will be accepted into the branch
Hm...
May I ask...
...about what would happen if there's no evidence even on Monday?
Ciel's Internal Battle Plan (2)
"Finding all evidence before 10 on Monday?"

Aciel!
We found it!
Suspicious records!
Thank you
Captain Juan and Augustine.
Good then.
Aciel please allow me
onto the next battle plan?
Hercules?
The monthly outgoing ships are checked and sent out by vice commander Enrique
Leon of Castile,
is connected to Enrique?
The destination is always Otranto of South Italy

Is his gentleness as a human all spent on Ilias?
The cold air from that guy's body is pretty strong...
You will be executed
Lavear has heard with his own ears that Ilias has tied the hostages to the chair, cutting their wrists, feet and shoulder, along with others, and torn them with a small knife.
LET ME ARREST AND INTERROGATE THE SUSPECT ENRIQUE.
AS LONG AS I CAN KEEP GOING IN THE 44 HOURS BEFORE 10 O'CLOCK ON MONDAY..
All that's left is the leftovers from love.
Is that so
Yes. For me, he's a good master.
HERCULES'S DAUNTLESS BATTLE (1)「"Interrogating the suspect"」
You can see from the test.
that he has a strong sense of self respect,
and is the type to forfeit his life to protect his dignity.
For people like him,
it absolutely won't work.
But questioning is really a good method as well!
Are you good at persuading people? I don't have that kind of patience...
And he's adored by subordinates
Right. I want evidence.
No proof yet
But he's a spy right?
He's a lot different from you, much friendlier
How could you not give me a chance!
I've hated him since long ago
Is that kind of person
Enrique de Marcos.
That's right

The monthly ship to South Italy via the Sicilian Ocean is departing at 10 o'clock on Monday
If Enrique can load his cargo our evidence onto the ship...
!!
Please help me
Aciel
He seems pretty anxious
The Monday 10 o'clock ship...
Now that you mention it there is one!
As expected from Aciel
already keeping these things in mind
from the beginning!
Of course!
If we can obtain the evidence before the ship departs, then won't we be able to capture the spy before 10 o'clock on Monday?
AWESOME
But,
if the ship doesn't have anything,
then it's all ruined
Why is she laughing?
He he

He is determined to join the 9th branch with the test
even lowering his head and begging me to help him ..
that s why...
I think someone behind the scenes is ordering Enrique to collect specific information about the 9th branch.
therefore Enrique must join the 9th branch in order to follow the mastermind s order
Free...as in released from his position as a spy, and this mission is likely to be Enrique's last mission as one
Threat ened
Perhaps he is being threatened and will be freed once he completes the mission.
He asked me for help.
Ah, because he doesn't know I'm suspecting him as being a spy.
but, the true meaning of the sentence is revealed without his realization.
or perhaps he wants to appear more sincere in wanting to join
Usually he definately wouldn't talk like that.
Please...
help me...

He is anxious.
hoping to finish the mission quickly.
to gain his freedom
By this theory,
Enrique will load something onboard on Monday.
The thing the master-mind threatening him wants.

Team Zica Credits- *Noodle* helped to proofread Thank you little one! You're such a hard worker bee! *hugs*

As an important vice-commander of the Knights of St John.
Enrique is absolutely the best material for a spy
to release him for something related to the 9th branch...

There's only one thing, right?
Grin

That is
Kidnapping Aciel?
me.

I want to join as well!
I'm a doctor so I can make sure the suspect remains alive by judging the severity of the wounds
No choice.
Me too!
Me too!
And me!
Me too!
I'll give you a hand
Just let me interrogate him!
...don't joke around!
...mm.
HERCULES'S UNWIELDING BATTLE PLAN (2)
『"Still interrogating the suspect"』
Except finding evidence or catching him in the act there are no other effective ways
Hey hey hey!
Don't be rash!
Deciding by herself again...
Thinking up battle plans again...
It's the best day to carry out my battle plan.
Luckily tomorrow is Sunday the sabbath
except for the guards on-shift and knights assisting in the hospital most people are having a break after mass.

Date?!
I'll name it...
the "date" plan

Since Aciel accepted the plan me into the 9th branch,

I have to find some way,

to help her

Law-rence

to me,
is like a compass.
Uh
Would this kind of person be a spy?
Branch commander Aciel
I can tell she's a beauty just by looking.
Vice Commander Enrique,
looks so gentle when he smiles
winning the 50km marathon against Antonio
and I know she has a strong desire to win.
Uh...
that is.
...Compass....?
Aciel is strong at sword skills and she's smart,
but she is still not satisfied and continues to work hard.
that is my ideal example of a Knight.
You know vice Commander Enrique that I am weak with the sword and have no special abilities.
an useless Knight
When you're at sea, you won't get lost as long as you have a compass, right?

A compass to the ideal Knight.
I had also once held noble ideals,
ideal,
My compass,
no longer able to point out the correct path
thrown into the ocean by me,
From that on,
I continued to sail without a destination
I know that I won't be as good as Aciel even if I worked hard for my entire life
but,
as long as I continue to work hard and chase after Aciel's back without losing sight of her,
then I feel that I am slightly closer to my ideal Knight.

9th Branch Dorm

CLICK!
Usually only Luce, Lawrence, Miss Fana and Hercules who I reject
So these guys come to play...
No... I'm not here to play...I'm here for work.
Want something to drink?
What a rare visitor Lucas!
You actually came to my room to play!
おや?!
SFX: MYP!
Sorry to disturb you

THUD!!
Tomorrow... after mass
you will invite Enrique to lunch, a seaside walk or a walk in town, using the reason of wanting to be friends
Yup.
In that time, if Enrique cracks and makes as if he is going to kidnap you, then use it as evidence to capture him.
Yup
What's Agapanto plan, mate...
I'm still going ahead!
No... I know that.
Uh...
that is...
about the date plan tomorrow...

Getting some secrets or laying some traps and so on
Yeah
and hope that I can find some clue
Of course I don't think it will be successful all the way through.
but I'll chat to him in a friendly tone
Constantinople as well?
Don't you think that it's alright to go to
Although
though you might think you won't give up no matter what,
Enrique won't let you escape easily from his kidnapping plans.
however the Vizir of Turkey will gift beauties to the Sultan.
You think like that?
Ah, it's interesting, evening ground
won't think like that.?
Ahn...
Jiru really
I don't think it's good
Don't blame me.
Please let me say
Ariel
This is normal logic.
and a beautiful lady
You are a Knight

If you get sent to the harem,
you will be forced to wear women's dresses!
All to 99% chance.

Lemme go!
High heels and corsets!
Can you stand that?
Right, your worst enemies!
Dresses, butterfly bows and lace!!

It's a setback for you as a female.
No... that is not a setback for Knights.
Having a setback at this kind of place though I'm a Knight.

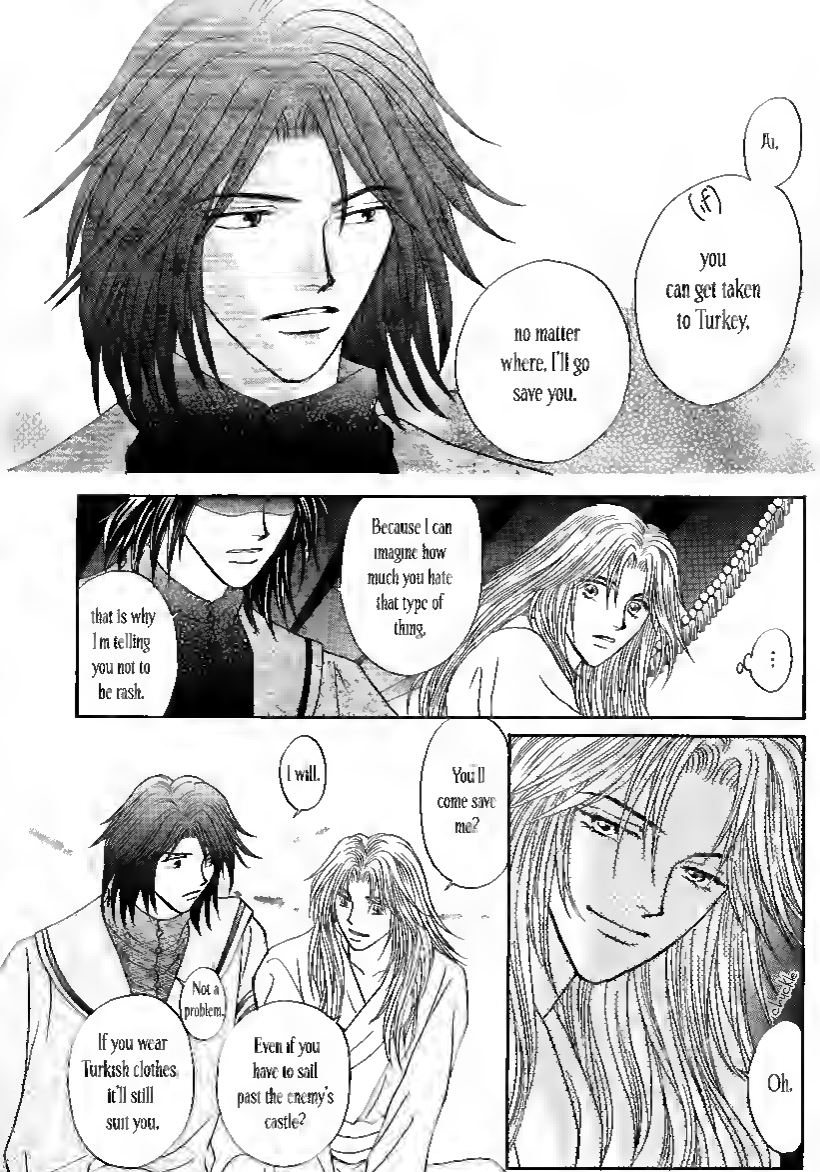
...NO WAY...
My whole body is itchy



Au,
(if)
you can get taken to Turkey,
no matter where, I'll go save you.
Because I can imagine how much you hate that type of thing,
that is why I'm telling you not to be rash.
...
You'll come save me?
I will.
Not a problem.
If you wear Turkish clothes, it'll still suit you.
Even if you have to sail past the enemy's castle?
Oh.

CHU!
If you get taken to Turkey, I'll also come and save you.
Thanks for that.
Thanks!
On the left cheek
A light kiss, as if between relatives.

!!
BUMP!
My heart feels a bit complicated,
against her naive side
We can hear you!
These guys outside...
But you immediately get thrown out
(Louie)
And it's late!
Doesn't Hercules always go in?
(Hercules)
THEN WHY CAN LUCAS GO INTO ACIEL'S ROOM!
You can't, Hercules-senpai
(Sabau)
OP
EN
COMMANDER ACIEL IS SO COLD TOWARDS ME!
I'm against discrimination!
I'm against discrimination!
Sabau-Louie, you guys want something to drink?
Yes!
Yeah!
Where is Ilias?
Did you bring him?
He's a bird, he needs to sleep at night!
Then you go back.
No,
If I'm too serious, I'll fall into the hole like Augustine or Hercules

How can I break the rules of social etiquettes?!!
You are too honest!
If you are crying, then don't take it and go with them.
WHY IS IT LIKE THIS, WHY DO THEY NEED TO VISIT ACIEL'S ROOM AT NIGHT?
Even Lucas is there.
CLANG
CLANG

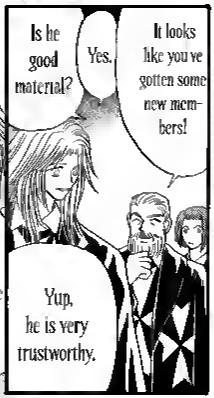
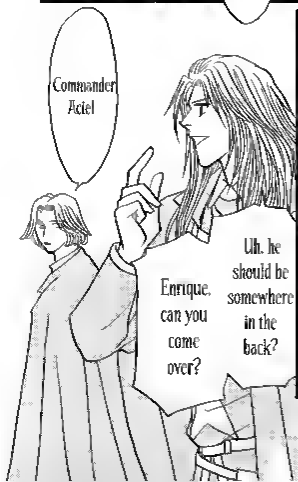
Damel-sama
How are you?



Is he good material?
Yes.
It looks like you've gotten some new members!
Yup, he is very trustworthy.

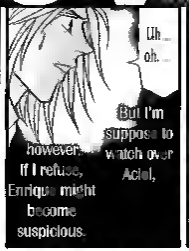


Commander Aciel
Enrique, can you come over?
Uh, he should be somewhere in the back?

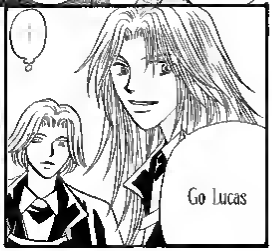
He's the man who caught my eye
Me too. it's my honor
Please look after me from tomorrow onwards, Enrique
Really, a great person.
Is that you? Enrique de Marcos
So he's from the Leon of Castile branch.
Ah...today is a little inconvenient.
Eh?
How about lunch together later?
I want to be in small groups.
Yes!
You can come to us if you have any problems.
Don't push yourself Ariel
SMALL GROUPS?
Eh?
Is that alright Enrique? Though, it's a bit sudden
. invite Enrique for a private chat
Actually I want to...
OH, SO IT'S A DATE! ♡

Eh?
Since you're separated from Aciel anyways?
okay Lucas?
then Lucas comes with me.
I get it you can go.
Getting to know each other before entering the branch... right?

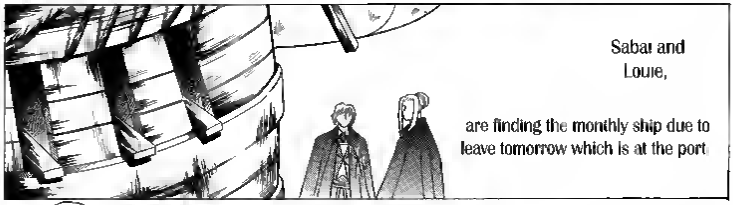
Captain Juan and Augustine,
looking through information about Enrique today
are both,



Uh... oh...
But I'm supposed to watch over Aciel,
however, if I refuse, Enrique might become suspicious.



Go Lucas



Sabat and Louie,
are finding the monthly ship due to leave tomorrow which is at the port

I really want to eat here meat...
LET'S GO, LUCAS.
SINK
NO...

Lawrence you can go back first please continue organizing my luggage for me
Yes.

... and Lawrence who is following Enrique
Although he stopped mass, he should be outside
The only one left is Hercules the other person on watch...
What? Looking at me?
Eh? Eh?
stare

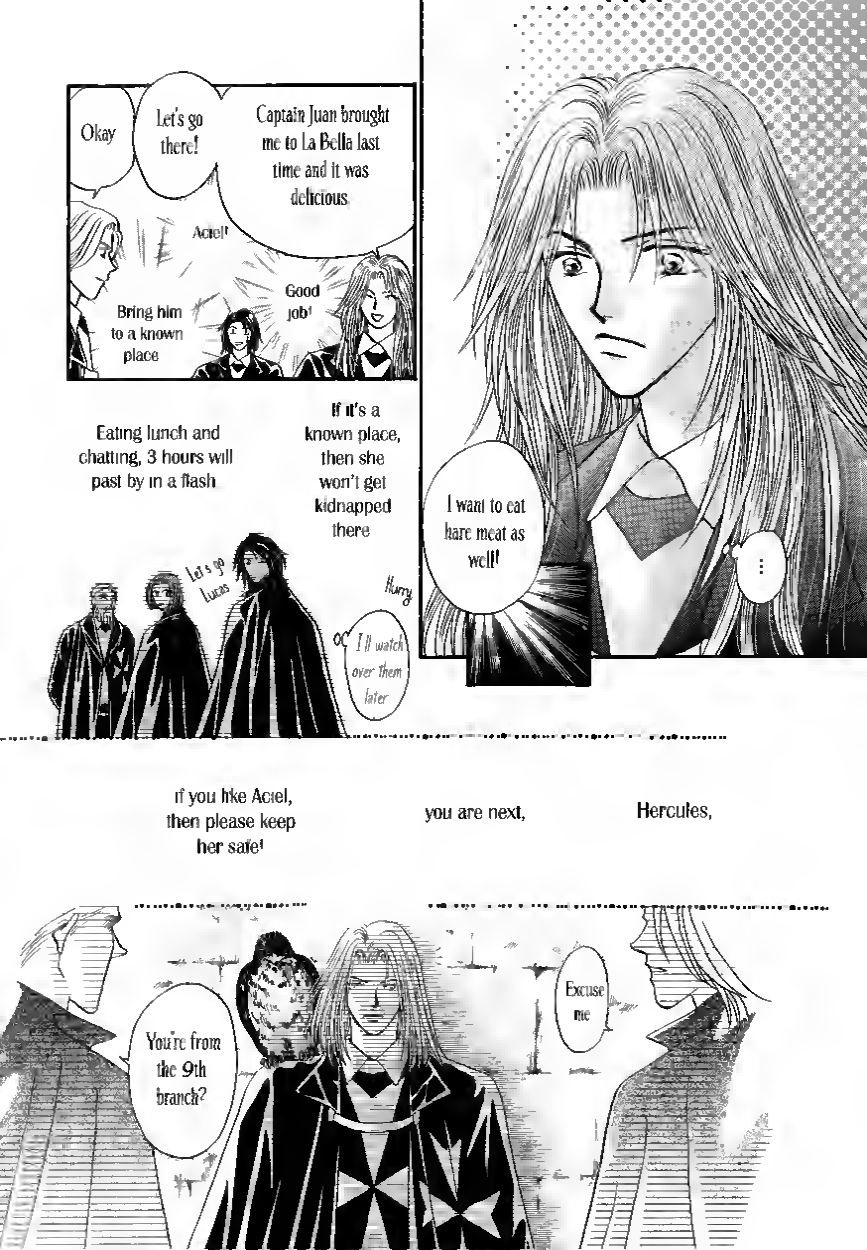
Darn, since it's like that...!
Aciel, you need to discuss the branch's budget with me at 3 o'clock today.
Don't forget to return before then!
Eh?
Lucas? Why did you...
Three o'clock meeting?
If Aciel hasn't return to the branch before 3 o'clock, then that means Enrique did something,
It's 12 o'clock now

LUCAS' INTERNAL BATTLE PLAN (1)

## 『"Grasping at straws"』

If Enrique is a safe person, then he shouldn't move today!

With only three hours (and in broad daylight), the risk of kidnapping Aciel is too high no matter how you see it,



Okay
Let's go there!
Captain Juan brought me to La Bella last time and it was delicious
Aciel!
Bring him to a known place
Good job!
I want to eat hare meat as well!
...
Eating lunch and chatting, 3 hours will past by in a flash
If it's a known place, then she won't get kidnapped there
Let's go Lucas
Hurry
I'll watch over them later
If you like Aciel, then please keep her safe!
you are next,
Hercules,
You're from the 9th branch?
Excuse me

SFX: FWIP
SFX: SWISH
Ah?
That's right.

SFX:CLANG

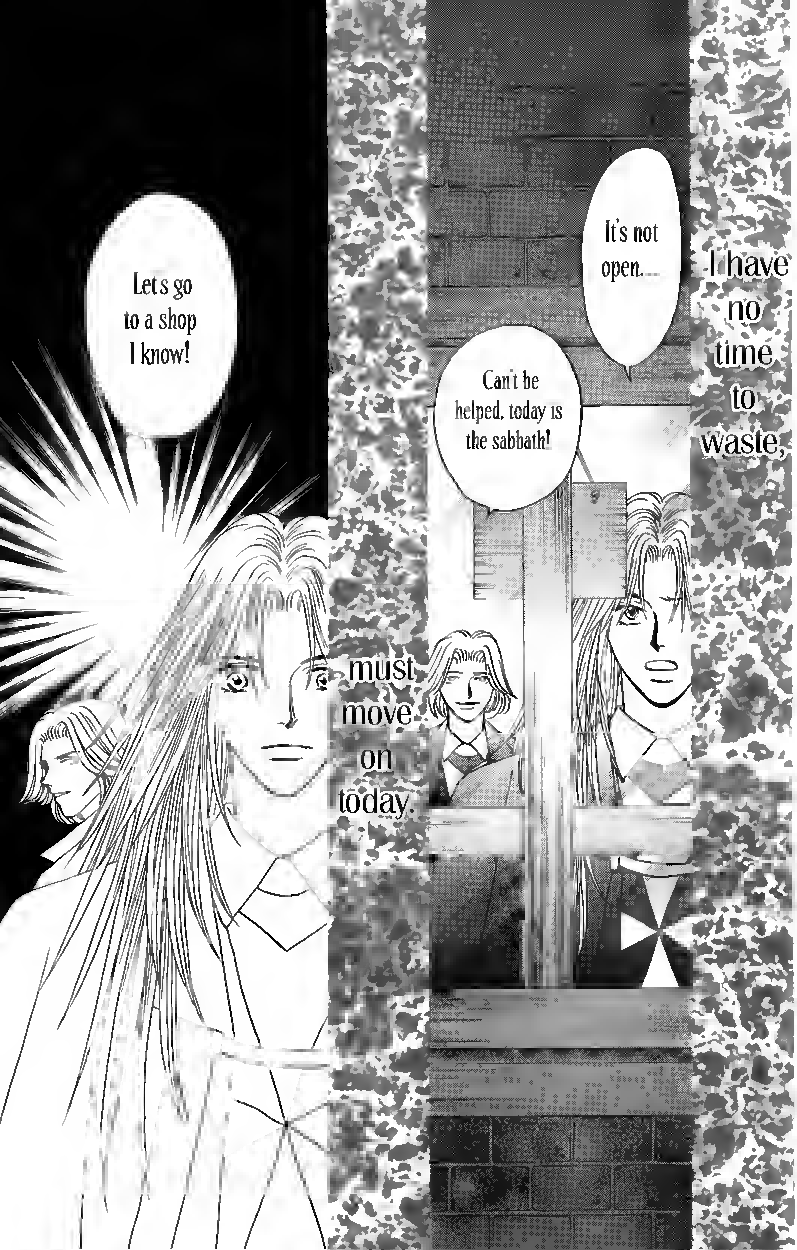
Eh...?
...then it must be a trap.
Eh, you're the third son?
Yes. I came to this island when I was 16.
It's already been 6 years
The kidnapping plan on Sunday,
...if I can successfully get into the 9th branch,



Let's go to a shop I know!
must move on today.
It's not open....
Can't be helped, today is the sabbath!
I have no time to waste,

It's just down there,
the hare cuisines are also delicious.
What...
SFX: CLANG
My intuition is really correct
...so confident!

SFX: WHAP
SFX: THUMP

EH?
There're knights fighting over there!
Hurry! Hurry!
Really horrible...!
THUD THUD
Idiots!
This maniac finally
EH?!
Look carefully! Those people aren't Knights!
What did you did that for?
You killed fellow Knights!
Hercules-sama?
Don't joke with me. I'm on an important mission.
Please go to see the leader.
Please, just explain yourself.
Because people died.
Explain yourself first.
SHUT UP!
They're assassins?
...darn it
So troublesome
They're wearing the Knights of St John uniform... and suddenly attacking...
Their real target... probably isn't me, right?

Other-

you'll be
killed as
well!
Aciel...
I need
to protect
Aciel!!
Hurry

...and
move!

Eh?

What a pity!

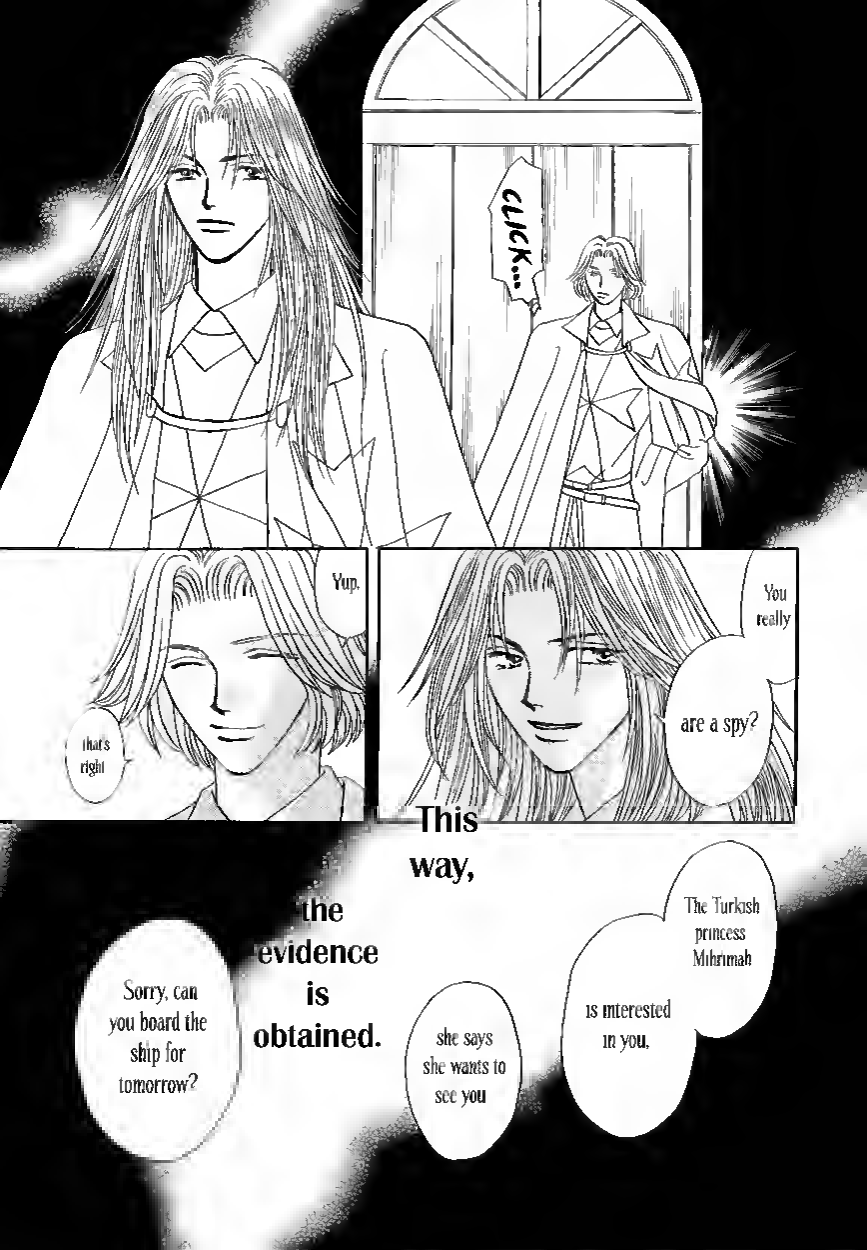
Can't be helped, today is the sabbath!
The hare meat here is super yum!
Forgot about it.
Most shops are closed on the sabbath
The Sabbath
Why is it like this
then what about the shop Aciel's going to ~?
Please excuse me! I can't go with you!
Daniel-sama!
Leader!

!!
Lucas!
Something major is happening in the 9th branch!
Please excuse me!
We entered

...a very complicated maze of alleyways.
We're here
this basement
An obviously suspicious route...
Okay.
This alleyway is completely empty,
STEP
STEP
STEP
and we're entering a soundproof basement!!
the control centre of...the spies?
It's here.
As soon as we entered,
It is seen that the ship is filled with ferocious-looking men...



CLICK...
Yup.
That's right
You really
are a spy?
This way,
the evidence is obtained.
Sorry, can you board the ship for tomorrow?
she says she wants to see you
The Turkish princess Mihrimah
is interested in you.

I am also very interested in Constantinople
but unfortunately, I have allergies.
So it can't be done.
SFX: SWISH
Wah!
Mm
Uh.

Is looking down on us!!

* The Knights of St John uses France as its centre, but for a worshipper of Italy like me, I am helplessly drawn to the Italian branch. The reason is that, in a group of branch commander uncles, there is only Daniel-sama, commander of the Italian branch, who is a young handsome 20 years old (I made him like that but) it's painful being unable to allow him to appear more, so I have to draw him here. ♥

He must be aiming to kidnap Aciel to Turkey!
If it's like that has he thought of a way to make Aciel board the monthly ship that leaves tomorrow morning at 10 o'clock?
How is he planning to make that unruly child onboard without anyone discovering?
The shop Aciel and Enrique were going to, "LauBella", was really closed,
and the two of them are missing,
leaving no clues
More importantly Aciel won't be captured by the enemy so easily
No matter how strong Aciel is
if the number of enemies is too much and the fight is dragged on, then no one could know how it will turn out at the end
I must find her as soon as possible!

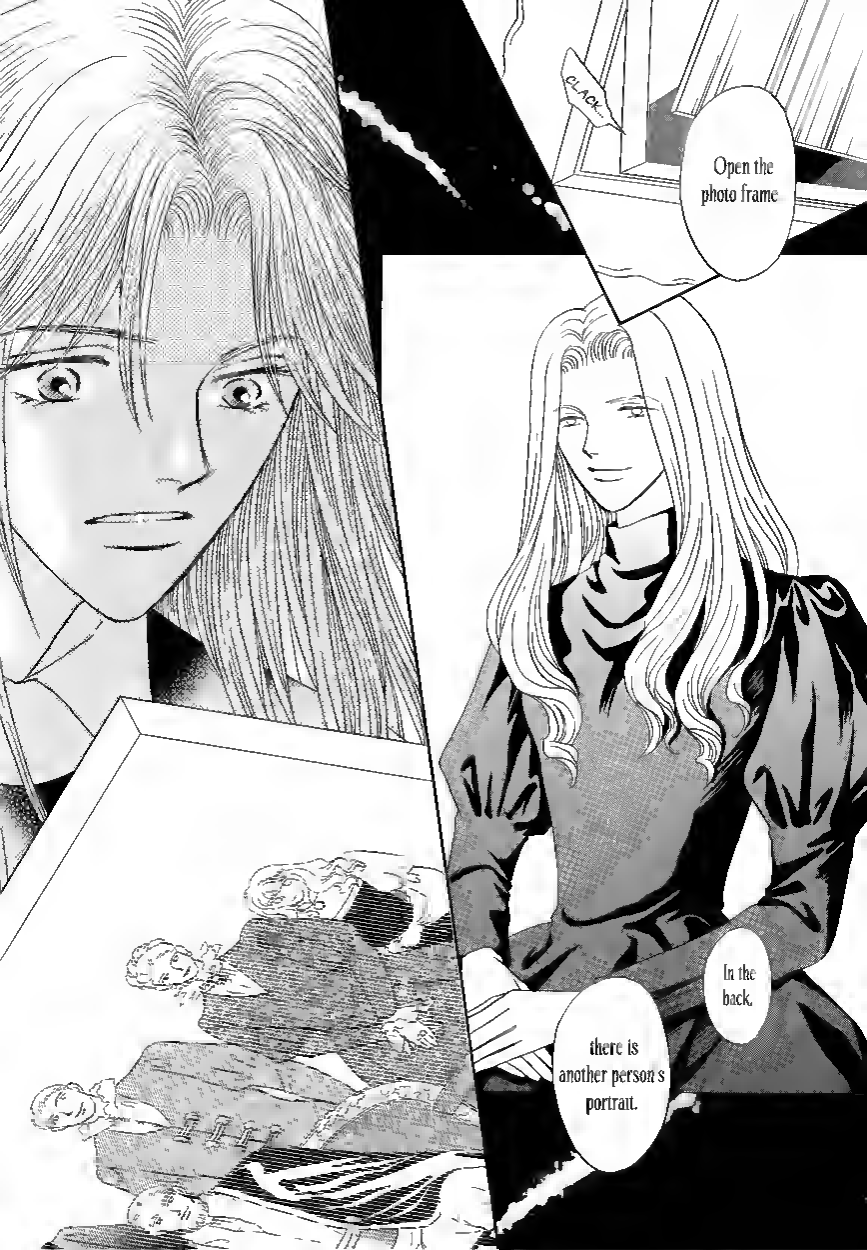
Oh right when we were researching today there's something that caught my eye...
It was something that happened 3 years ago.
Fu so tired
Thank you, no wonder you're famous.
Once he wakes up you can ask for his story
Nat who would have thought Enrique was a spy...
feels really complicated
His family members,
were hostages in Turkey?
luckily after paying the ransom, his mother and sister returned home safe and sound.
captured as hostages by Turkish navy and held for some time
Three years ago. Enrique's mother and younger sister went on a sea voyage, but they were...
Ah!
That!
and the hostages returned safely there should be no way that they can still threaten Enrique...
If it was solved with money
...

Actually
Today afternoon, when I was organizing vice commander Enrique's luggage
I found this.
Lawrence
what did you remember?
What is it?
Kid
What is it?
There's Enrique
Family portrait?
Right he said he was the third son
His parents are in the middle and those must be his siblings at the side? There are 7 children!
A very normal family portrait.
The problem lies behind the portrait.

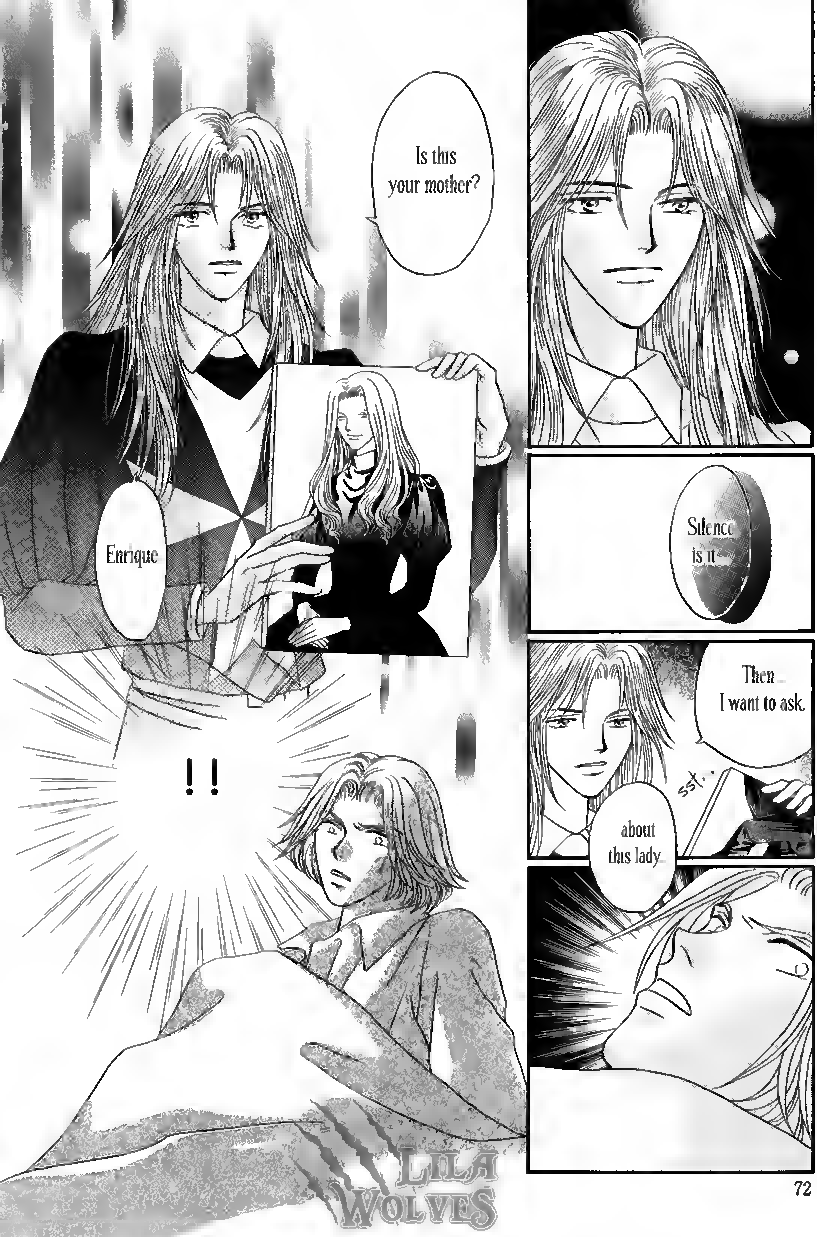


CLACK...
Open the photo frame
In the back,
there is another person's portrait.

You did well, kid.
Maybe his twin?
It caught my interest!
You also think so?
Right?
This lady and Enrique look alike.

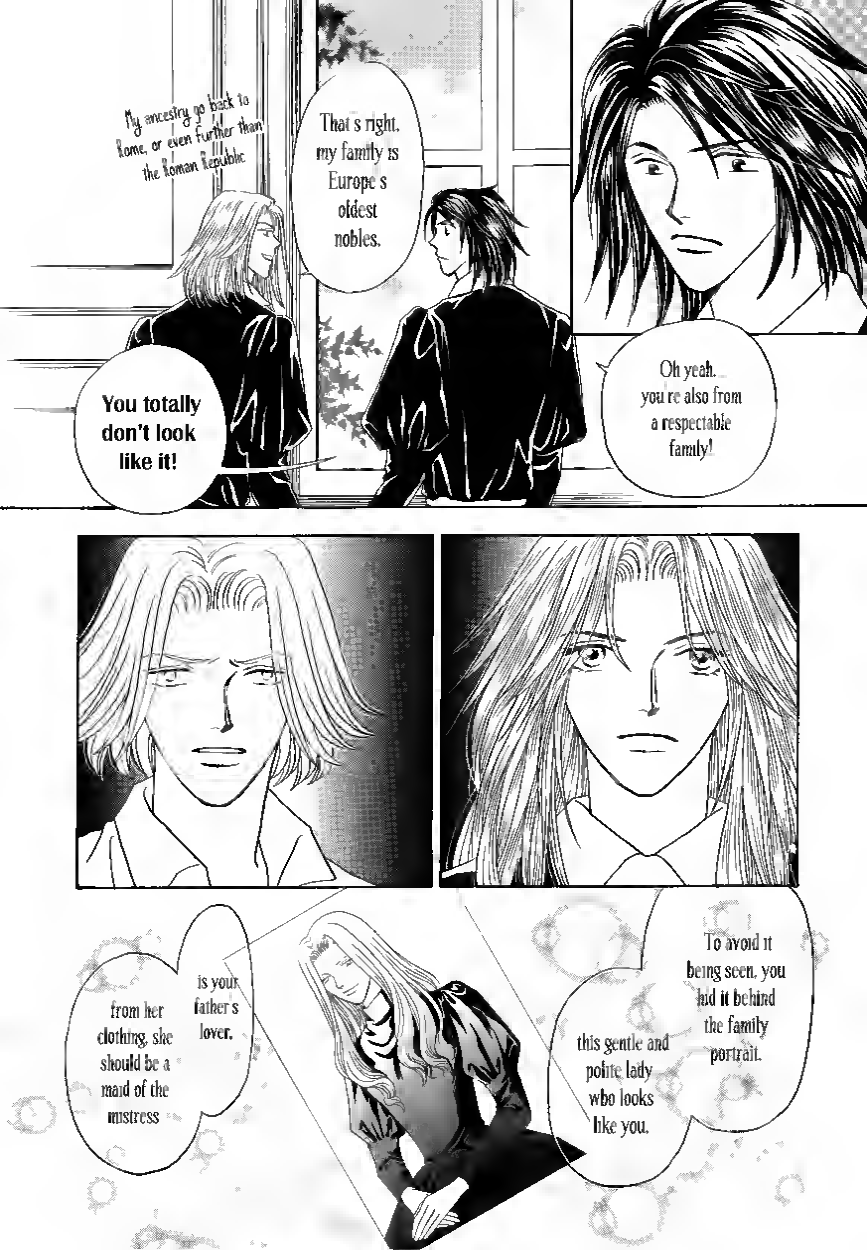
The hidden lady,
who looked a lot like Enrique.

TAP...
Enrique
are you awake?
I want to investigate this quickly.
First, why did you betray the Knights and become a spy for the enemy Turkey?
And when did you begin? And what information did you give them?

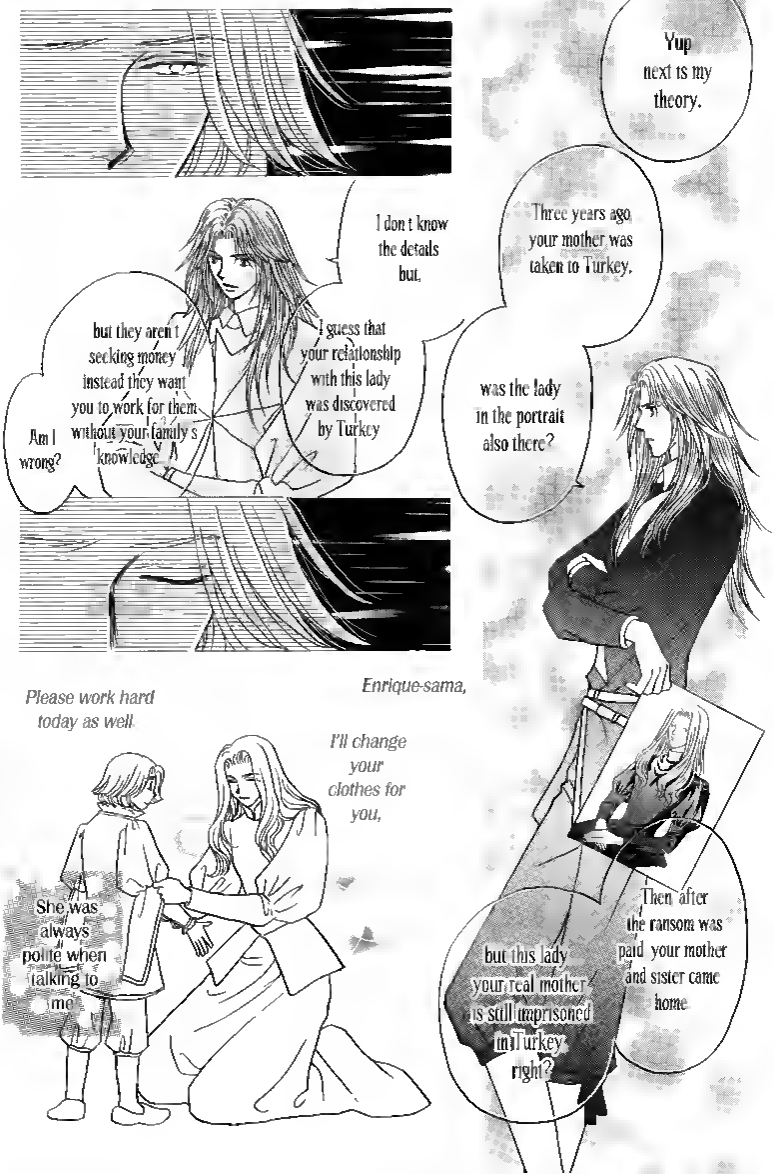


Is this your mother?
Enrique
!!
Silence is it...
Then I want to ask.
about this lady.
LILA WOLVES

No matter how weak Enrique is, he is still dangerous, right?
No use, according to Aciel...
Hey, did you really let Aciel go in alone?
...
Who cares, if he doesn't talk, then just execute him.
You can't do that!
It's best with an one-on-one approach
...In order for the dignified Enrique to tell the truth
It won't be like that! All Knights come from good backgrounds!
You're saying that if people know that a respectful high-ranking officer is a traitor...
then the fellow Knights will be affected?
Enrique is a high-ranking Knight so sentencing him
will be very troublesome.
If there's an error, it'll affect the Knight's overall spirit



My ancestry go back to Rome, or even further than the Roman Republic
That's right, my family is Europe's oldest nobles.
You totally don't look like it!
Oh yeah, you're also from a respectable family!
from her clothing, she should be a maid of the mistress
is your father's lover.
this gentle and polite lady who looks like you.
To avoid it being seen, you hid it behind the family portrait.



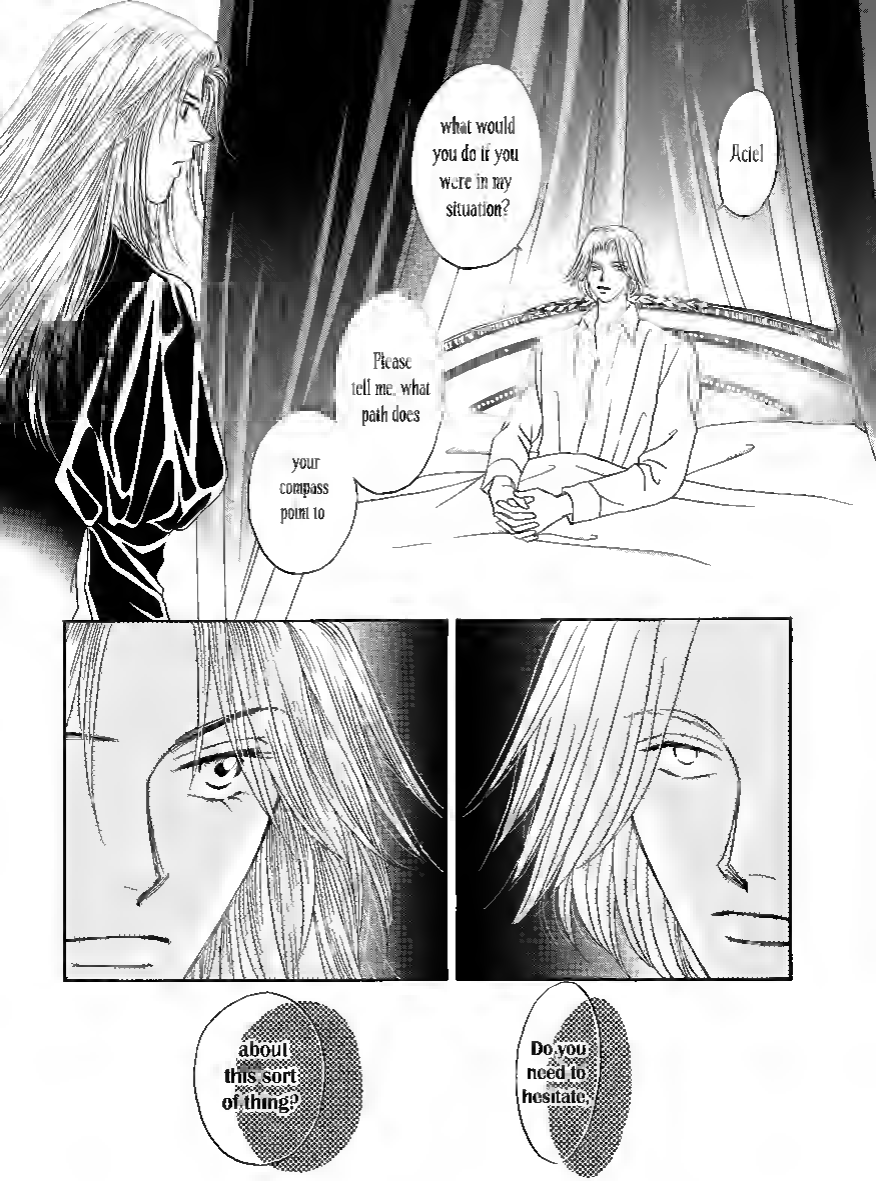
Yup next is my theory.
Three years ago your mother was taken to Turkey.
was the lady in the portrait also there?
I don't know the details but,
I guess that your relationship with this lady was discovered by Turkey
but they aren't seeking money instead they want you to work for them without your family's knowledge
Am I wrong?
Enrique-sama,
Please work hard today as well.
I'll change your clothes for you,
She was always polite when talking to me
Then after the ransom was paid your mother and sister came home
but this lady your real mother is still imprisoned in Turkey right?

That is all I can do to thank my parents who accepted the son of a mistress without allenating me,
A gentle maid who everyone liked,
I was 10 years old when I realized why she looked so much like me,
until 2 years ago...
and also for my birth mother's reputation,
I didn't ask my father or my adoptive mother
to become a great person,
Never raising an argument
that was my life's compass.
I improved my sword skills and knowledge diligently,

Lawrence
thinks of you as his compass
You're his ideal Knight
in order to get closer to his dream he follows you as his target
That is what he said

When my mother, sister and birth mother were taken to Turkey three years ago
however my birth mother did not return
the kidnappers requested ransom
And my family no longer dealt with Turks
A year before that my two older sisters got married, so money was a little tight in my family
acting like nothing happened
Father bargained the ransom to half the amount and one year later my mother and sister were released.
no one mentions the incident
In order to reserve his wealth
my father abandoned a maid
I didn't say a thing to my parents nor do I blame them for doing that.
but my heart fear
for my birth mother who never abandoned me

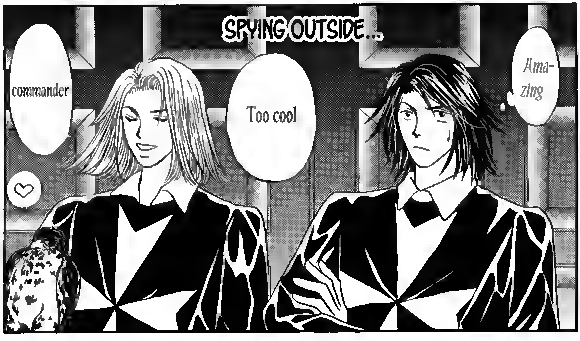
I am ...
Justice and ideals disappeared from my heart
I wanted to rescue my mother
I contacted the Turks in private.
And then I heard news of my birth mother's safety from people and Knights coming in and out of Malta Island
...really stupid for doing such a thing, without ways of confirming
whether my birth mother is really unharmed in Turkey.



Ariel
what would you do if you were in my situation?
Please tell me, what path does your compass point to
about this sort of thing?
Do you need to hesitate,

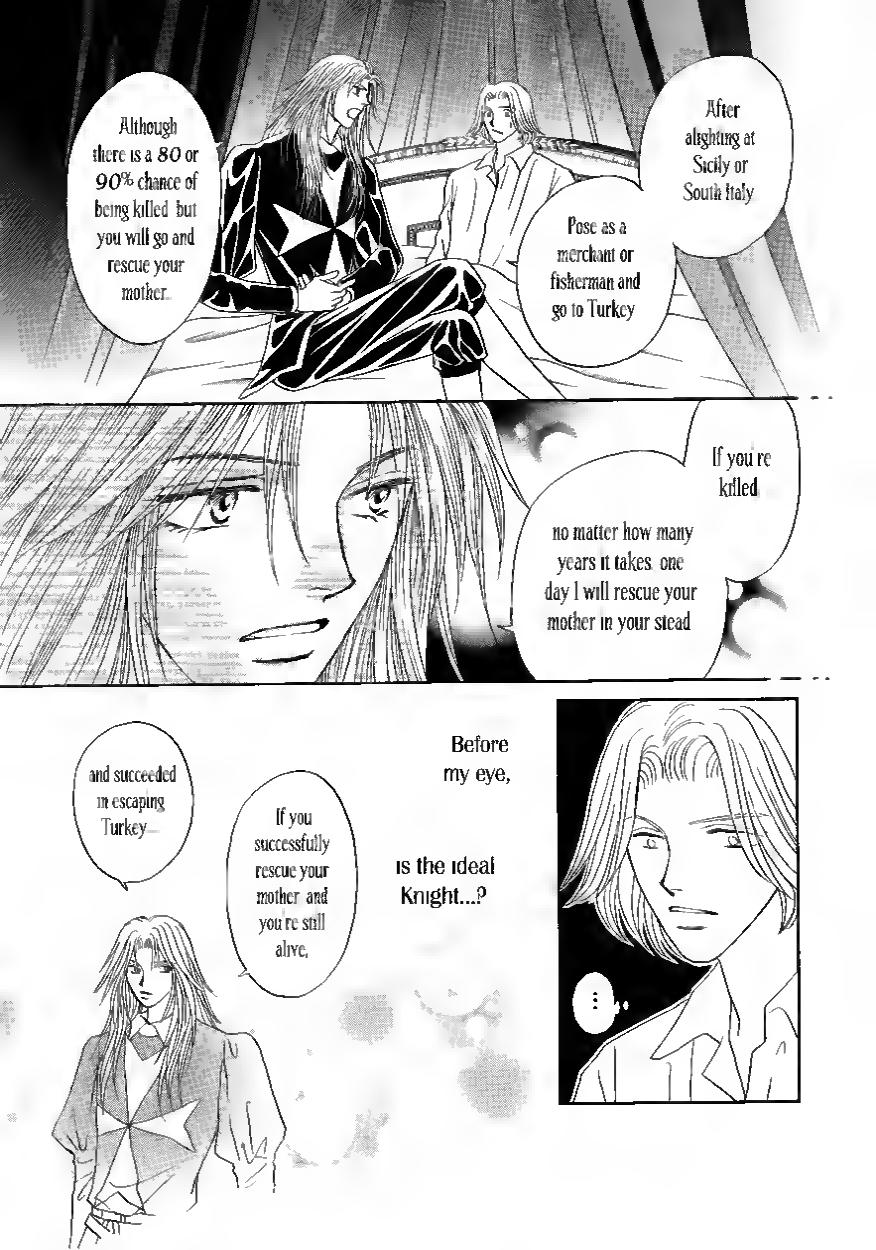
What did you learn the sword for?
You are a stupid idiot who only studies!
I would immediately think of a way to sneak into Turkey,
and rescue my mother!
You can pose as a Greek merchant
and ride a ship across the sea!

Don't wallow in self-pity and self-destruct,
I'm getting angry looking at you!
self-destruct...
Wallow in self-pity,
Enlightened

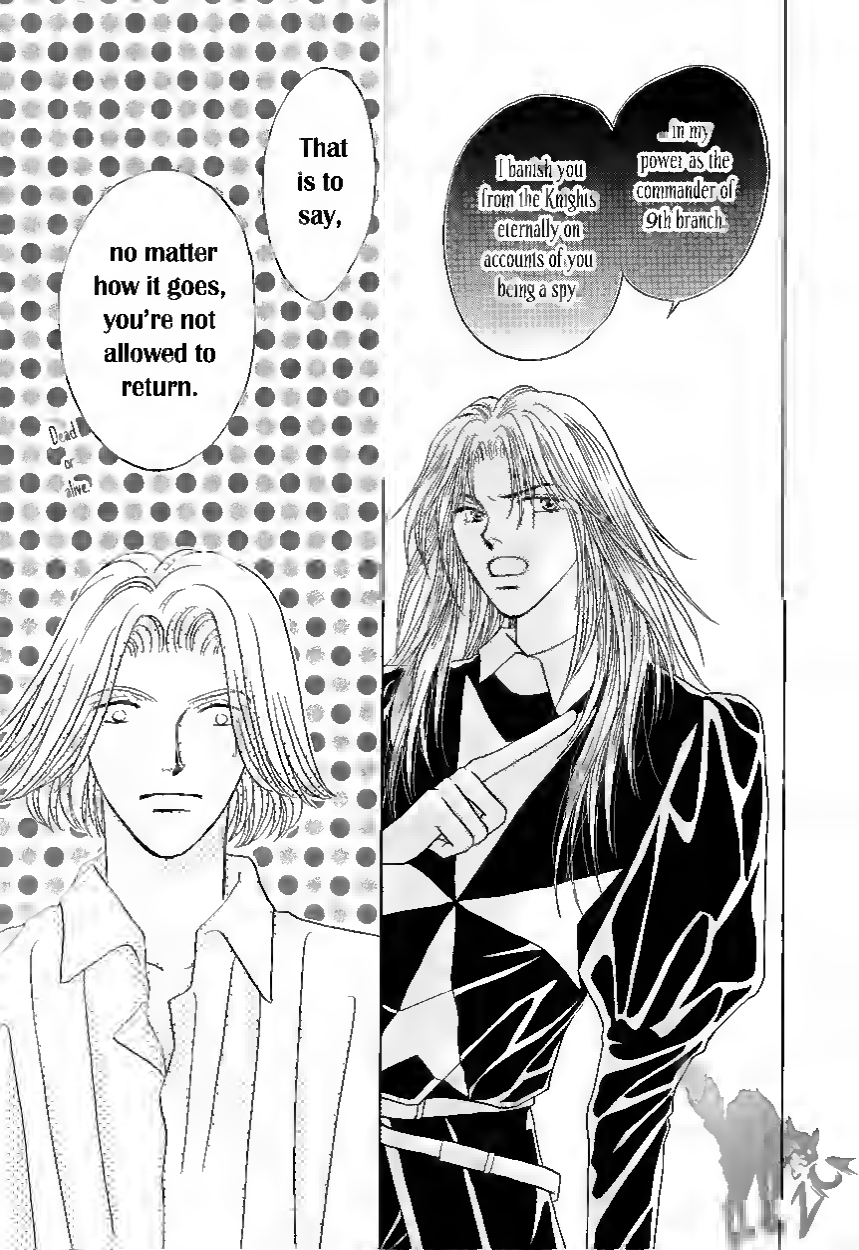


SPYING OUTSIDE...
commander
Too cool
Amazing

Tomorrow morning, take the monthly ship leaving at 10 o'clock!
EH?
I order you
Enrique de Marcos,
as the commander of the 9th branch



Although there is a 80 or 90% chance of being killed but you will go and rescue your mother.
After alighting at Sicily or South Italy
Pose as a merchant or fisherman and go to Turkey
If you're killed
no matter how many years it takes one day I will rescue your mother in your stead
Before my eye,
is the ideal Knight...?
If you successfully rescue your mother and you're still alive,
and succeeded in escaping Turkey...



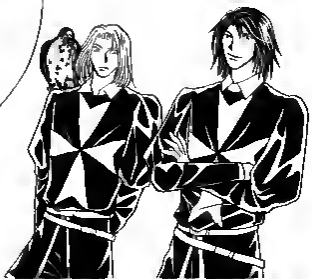
...In my power as the commander of 9th branch
I banish you from the Knights eternally on accounts of you being a spy.
That is to say,
no matter how it goes, you're not allowed to return.
Dead or alive?

Yeah, this mission was given to Aciel by the Knights leader, so just take it as banishing the spy...
What if Enrique doesn't go to Turkey and escapes instead?
Is that okay?
Hey...
Because, Aciel's intuition is never wrong, right?
Eh?
He...
No.
I think this is not bad?

Once again up holding his ideals,

and rescue his mother with his own two hands.

If it's like that, Enrique will go to Turkey.



CLANG!
CLANG!
CLANG!

SFX . WAVES SOUNDS
SFX : DONG DONG
Setting sail!
Take care vice Commander Enrique!
I hope for your success!
Thanks everyone!
I'm leaving!!
Thanks!

Com-

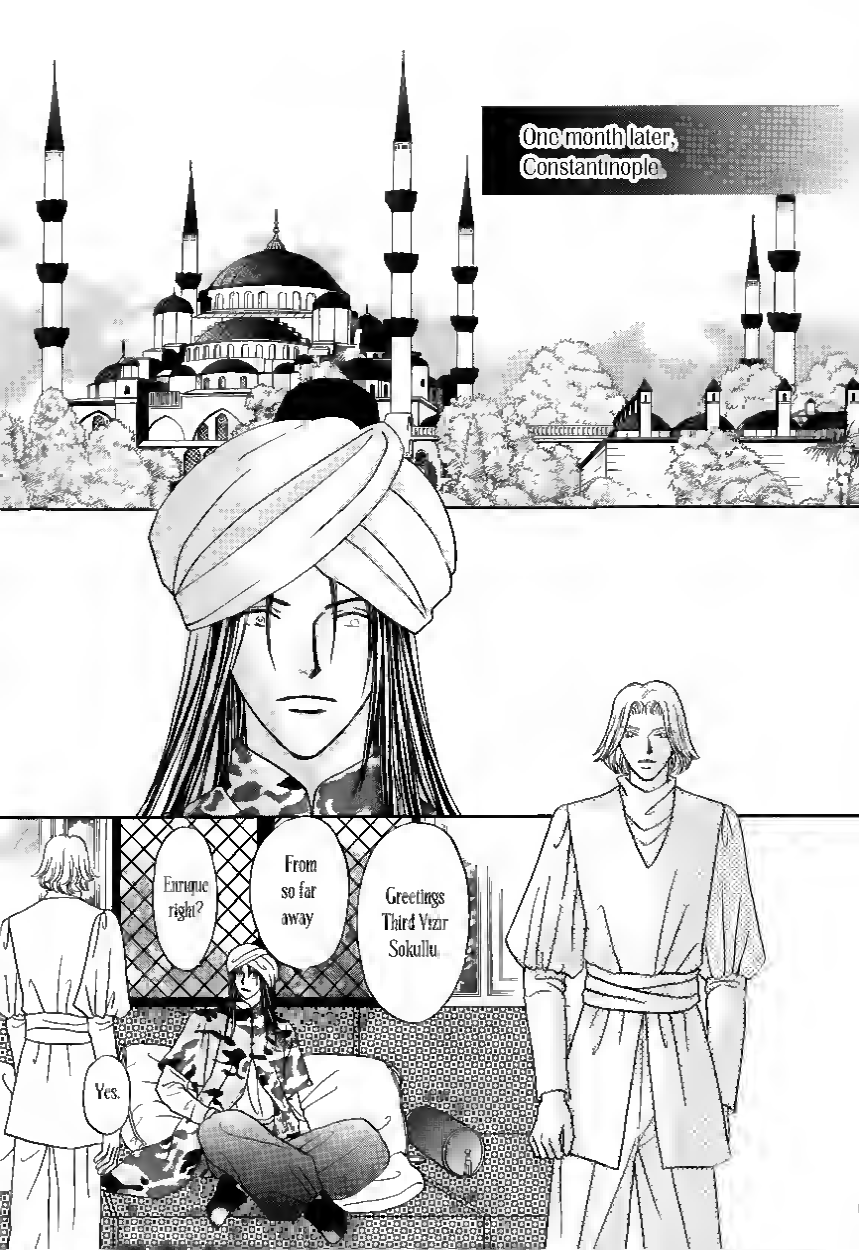
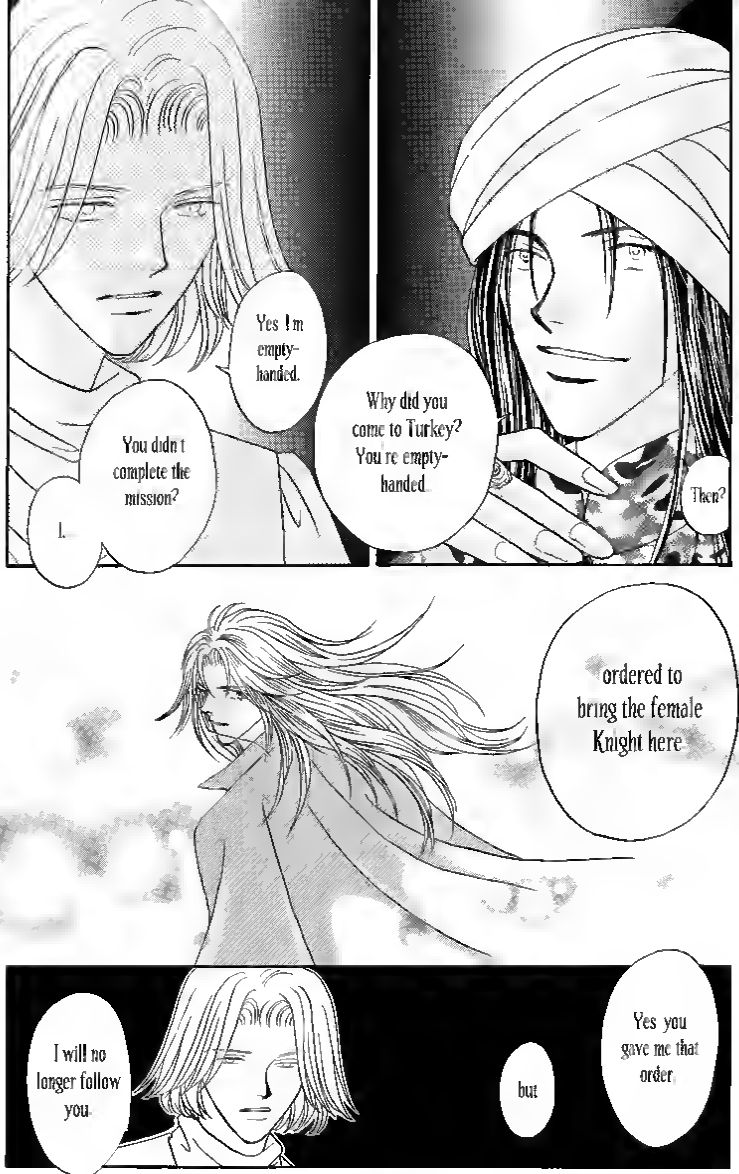
Aciel!!!
Thank
you!
!!
Working
so hard to
enter the
branch
is Enrique
on a busi-
ness trip?
I was left behind by
Lucas yesterday
Leader!
Daniel-
sama!
What is
the important event
of the 9th branch?
I'm interested
Nothing,
it's all
solved
Sol-
ved?
Already
alright?
Yes, we're
alright

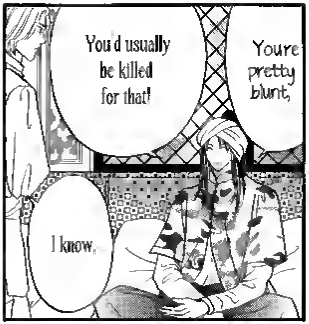
Did they return to the dorm last night?
THEY'RE STILL CHASING ME?
EH?
We've come here about yesterday!!
Ah, found him!!
Hercules-sama!
HEY...!
BROTHER, WHAT DO YOU MEAN BY "AGAIN"?
Hercules
you killed someone again?
I don't kill anyone unless in a battle!
Right, you said you killed two people right?
Yesterday?
Leader, please banish this guy!
Those two attacked me first!!
Um yup yup.
It was self-defense!
Really this guy!
We shouldn't talk about the spy here, right?
Sorry Hercules can't help you

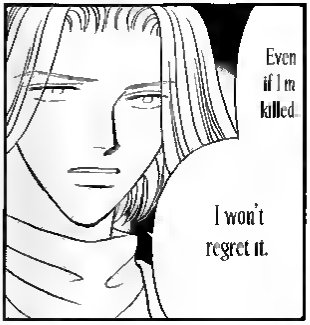


One month later,
Constantinople.
Greetings Third Vizir Sokullu.
From so far away
Enrique right?
Yes.



Yes ! m empty-handed.
Why did you come to Turkey? You re empty-handed.
Then?
You didn t complete the mission?
I.
ordered to bring the female Knight here.
Yes you gave me that order.
but
I will no longer follow you.





I already died once,

and was saved

This life...

But, I already did more than enough for you and the Turkish Empire,

so,

please return my mother

I cannot complete my last mission.

The female Knight is the Knights' compass

so she cannot be given to Turkey.

LILA WOLVES

...was given to me by Aciel.
Bring her.
Yes!
Snap!
Rigia, you've already done enough.

Mother...
...
Enrique-sama

Leave!
You've been released
which means you can leave
Hurry up and leave

Um yeah
Third Vizir?
Is it alright to let them leave?
He isn't a Knight of St John anymore he is a normal person instead.
I'm not that free to have time to torture citizens
On the other hand I am even more interested...
...
...in the Knight who was able to reawaken
that man who had lost his soul
The female Knight,
who I've never seen

The historic battle between the Knights of St John and the Ottoman Turkey Empire

...begins five years after this.

Once you mention "knight", you'll think of "a warrior on horse",

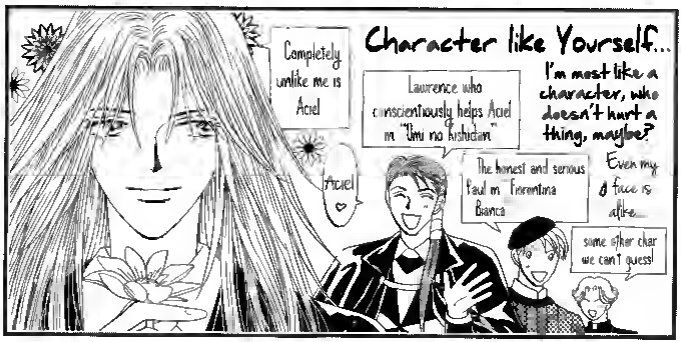
for the Knights of St John on Malta Island which controls the Mediterranean Sea, the thing that equals a "horse" is

A ship!

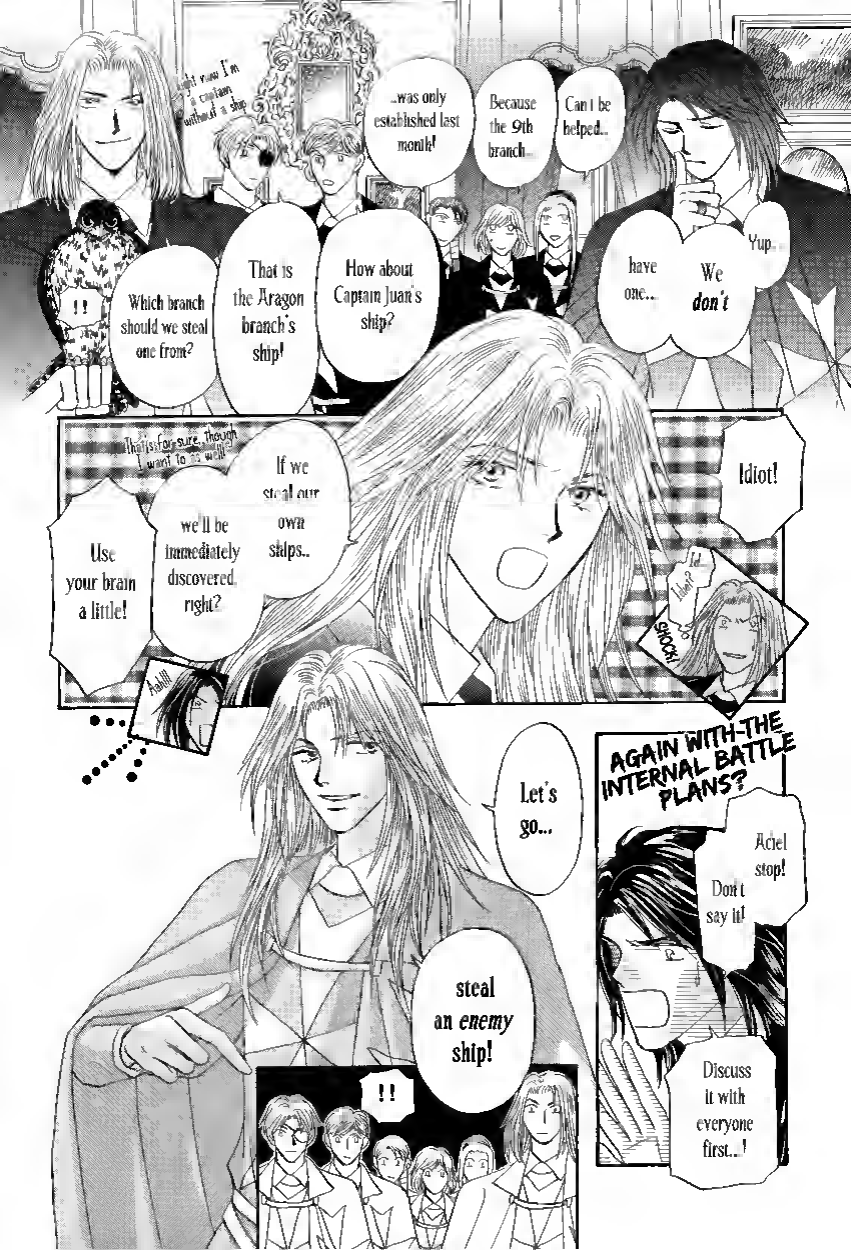
That's right, a ship!

*We have no ship...?*

"The Character Most Like Yourself?" ▼



Character like Yourself...
I'm most like a character, who doesn't hurt a thing, maybe?
Completely unlike me is Ariel
Lawrence who conscientiously helps Ariel in "Umi no Ashidam"
Ariel ♡
The honest and serious Paul in Fiorentina Bianca
Even my face is alike...
some other char we can't guess!



Right now I'm a captain without a ship
..was only established last month!
Because the 9th branch...
Can't be helped...
Yup.
We don't have one...
!!
Which branch should we steal one from?
That is the Aragon branch's ship!
How about Captain Juan's ship?
That's for sure, though I want to avoid it!
If we steal our own ships..
we'll be immediately discovered, right?
Use your brain a little!
Idiot!
I'd have thought so!
SHOCK!
Aahh!
AGAIN WITH THE INTERNAL BATTLE PLANS?
Let's go...
Ariel stop! Don't say it!
Discuss it with everyone first..!
steal an *enemy* ship!

Pirate Ship
Daniel-sama!
Hi!
Thanks for your assistance.
Hey-!
Aciel, this way!
Just like you asked.
I was told the ship was leaving today
but honestly I don't recommend this ship
Don't worry for our future ship
even a simple navy ship will do
Our captain sure's quick...
Aciel, you only decided yesterday and today.
It's not a navy ship.
It's a pirate ship.
Eh?
Whispers

BRO-THER!
Pirate?
That man is an especially rough captain in the pirates.
"Malta Island Pirate Ship"
Under the approval of the Knights, pirate ships can attack Islamic ships as legal pirates.
DON'T REFER A WEIRD CAPTAIN!
I heard the ship's moral is not too good But who cares about the other members I'm worried for you.
PUSH!
Wow-
The rumored lady Knight?
Captain is that her?
Hey, why are you pushing?
That is the captain, Florent of France
Woah all his clothes are red
We're setting sail, please get on!
Is that the passenger?
Com-mander Daniel!

We'll treat you well!!
PI
PI
Beauty-!
Wel-come!!
messing with our superior!
They're immoral
They look happy!
Leave it...
A... Ciel!
If you wait another week, then the Italy branch's ship will set sail. you should wait until then...
You're also failing in class
That is not what you should be saying.
class...
So that's it.
how it looks to be uneducated
I want to go now
HEH...

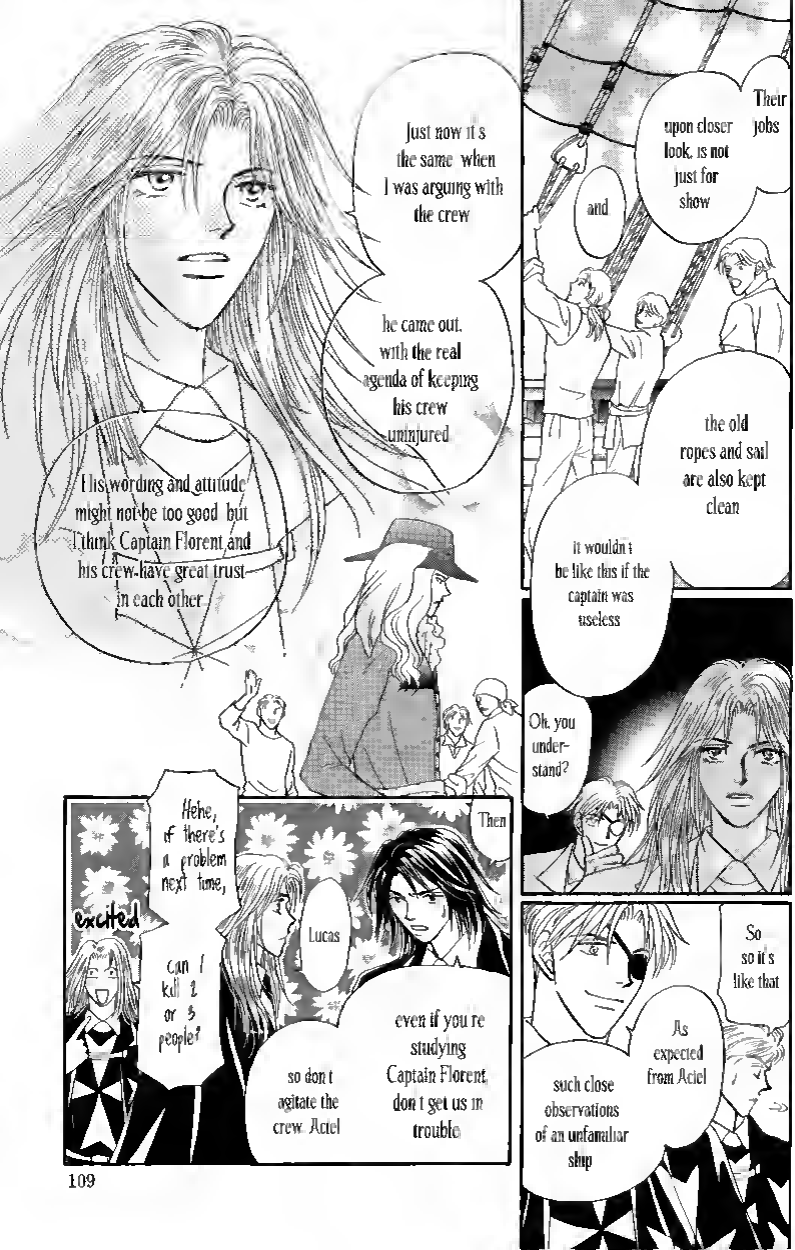
TURN
Aciel!
!!
Though other people alight from the left side, but the correct way of boarding for superiors is from the right side.
Yeah,
use small boats!
but if we make the sailors do too much extra work, they'll hate us
Captain!
Oh!
Che!
Don't pull them up!
CREAK
CREAK...
Ah, who cares
the good part is later!

Team Zica Credits, ***Rider*** proofreaded. Thank you! Hope the name is okay now! XD

This woman!
Don't mess with us!
Doesn't understand anything about the ship...!
Hey!
Your actions are disobedient towards superiors!
In this voyage, the top-ranking supervisor of the ship is me, the commander of the 9th branch.
Aciel Joan de Fredwill...
I understand your feelings.
If anyone is against it
Aciel
I'll fight you one by one.
Huh...
Huh?

Very bold!
clap
clap
clap
clap
clap
No one on this ship will oppose you.
we have admired your superior sword skills for a long time
Ayaya commander Aciel

Hey... Captain!
Okay, everyone return to your post!
We have no opposi-tions... with you being in charge!
What was that!
Che!
MUM BLE...
Makes me mad.
What was with that attitude?
pissed off
Don't mind it, men at sea have rough personalities
it's different from a proper navy vessel
Do your best, Aciel
But... this is not bad, Captain Juan
Eh?



Their jobs upon closer look, is not just for show
and
the old ropes and sail are also kept clean
it wouldn't be like this if the captain was useless
Oh, you understand?
So so it's like that
As expected from Aciel
such close observations of an unfamiliar ship
Just now it's the same when I was arguing with the crew
he came out with the real agenda of keeping his crew uninjured
This wording and attitude might not be too good but I think Captain Florent and his crew have great trust in each other
Then
Lucas
even if you're studying Captain Florent don't get us in trouble
so don't agitate the crew Aciel
excited
Hehe, if there's a problem next time, can I kill 2 or 3 people?

Right, supervisor
Ah...
...ah...
...
Thank you sorry for the trouble
Ah...
use it during the voyage...
You can take the captain's room.
though it's a bit dirty
RUBBISH ROOM
UNDER THIS CONDI-TIONS...
HOW CAN WE SLEEP...

Okay Lucas-senpai!
Sabai come!
Sparkling clean ☆
THAT WAS ON PURPOSE
How dare!
Can't be helped, everyone clear!
Divination!
The type to feel annoyed at people who leave only one option.
The casual calm type.
Nervous
Doesn't matter, it's alright to stay at sea for a while
O okay!
so use divination only to see where an Islamic vessel might be
It's not a good thing to drag out this voyage
Oh so
one day.
THE MAGICIAN
Towards south
THE SUN

SHOWING OFF
Oh to show-off
My teacher is Nostradamus after all!
Awe some!
What percentage?
Is this trustwor-thy?

Lucky!
One day? Pretty close!
South... near North Africa?
DIVINA-TION?
Then
hurry up and tell Captain Florent!
It is the order of the supervisor
Is it clear?
prepare to capture the enemy vessel!
Any-ways
PWA HA HA HA HA...
It looks accurate since it was done by a Nostradamus student

ANNOYED PEOPLE
Ah... right, still that
That Islamic ship
is for my later use. so don't blow a hole in it with a cannon!
EH?
THAT IS TO SAY,
WE WON'T RETALIATE EVEN IF THE ENEMY FIRES AT US
Immediately decides!
Change the meeting time with the Islamic ship to tomorrow midnight
Slow down right now!
Really?
How troublesome
This plan is decided!
We'll sneak up to them in the black of night.
ARE YOU KIDDING?

Used to quick decisions...
Yes, received!
kids
Prepare yourselves
Then
WAVES SOUND
I also lost
No one can win against Aciel.
hhhhh...
Even the veteran pirate is being muddled by Aciel
Inter-esting.
Then
Rest up tonight, for tomorrow!

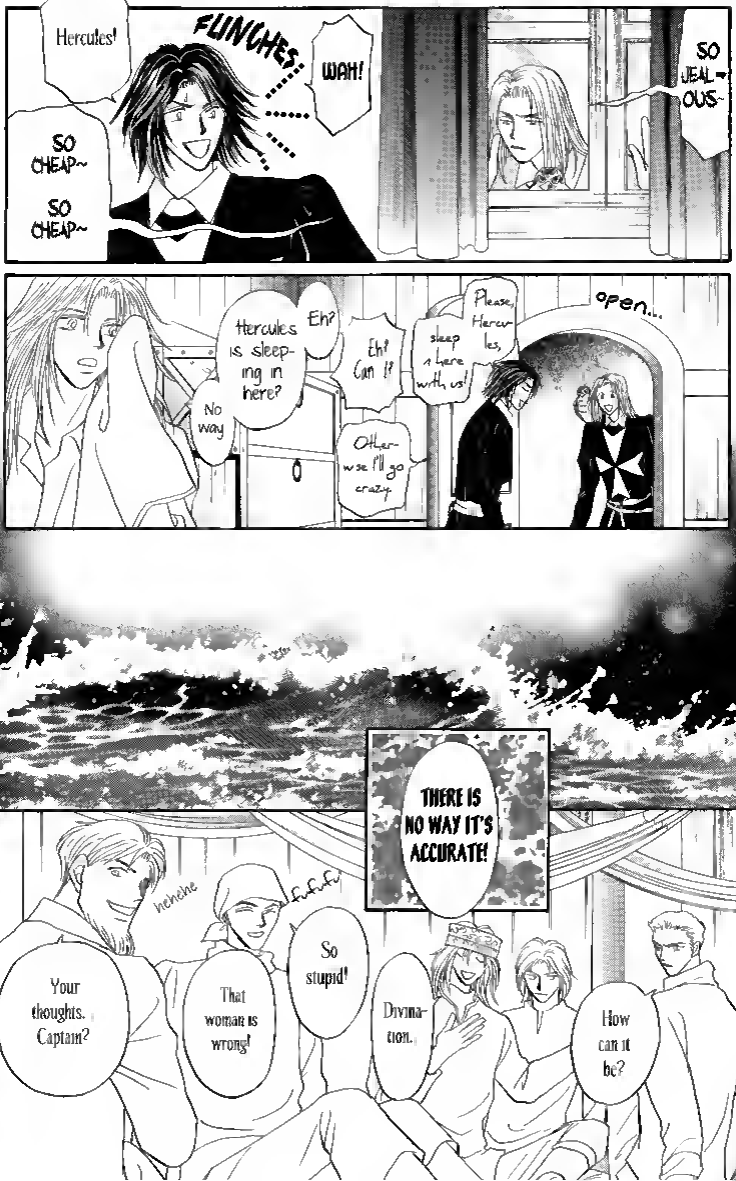
Why did you exclude me?!
Because you're the most dangerous?
Okay
Excluding Hercules...
Eh?
Ariel
Really?
those people have had morals. and you need security
I think you better have one of us sleeping in your room
Only one is marked.
...let's decide with a draw!
Then... mine is the one!
Nope!
Me neither
Regrettable
All white
Nope
This pa-per
is Lucas' one
Good night.
Go sleep Hercules
Call us for anything!
Then we'll stay in the guest cabin.
Good night everyone!
Good night
IT'S ALL WHITE.
This is not tt...
CHEAP TRICK.

close!
I wasn't reassured by anyone else, so I tricked them.
This ship doesn't have a bath.
I'm reading a little tonight
WHISH

It should be fine to just wipe my body with a little water, right?
What do you think, Lucas?
Eh?
TRIP
Lucas?
STAGGER
WAAAH!!

BONK
Why are you so surprised?
Was there a mouse?
Lucas
Lucas if we find an Islamic ship tomorrow...
...it'd be great, right?
Ah ah
it'd be great.
It's only enough to wet one towel
If the direction is wrong...
Water
Uh, this is comfortable!♡
That's good...
How did this guy's mother raise her?
But,
It's not good for her if she binds her body too tight,
no more importantly
...her breasts won't grow properly.
Ah, what was I thinking?

Team Zica Credits: *Zilvere* cleans. Usually (all the time!). And also Carola helps but thats just a little XD



Hercules!
FLINCHES...
WAH!
SO JEAL-OUS-
SO CHEAP~
SO CHEAP~
Please, Hercules, sleep here with us!
open...
Eh?
Hercules is sleeping in here?
No way
Eh? Can I?
Otherwise I'll go crazy
THERE IS NO WAY IT'S ACCURATE!
hehehe
fufufu
Your thoughts, Captain?
That woman is wrong!
So stupid!
Divination.
How can it be?

Close combat...?
He's already in his own world
I say Captain
No...
If something happens, that woman... will cry certainly
Only people with no experience will say that
mumbling
It's scarier than a cannon battle
And that they will abandon...
me and my important companions...

Team Zeca Credits: *Carola* typesets. Yes I know my work is awesome. But I need a helper so apply ^^

...the so called Knights of St John...

...are that type of people.

You can see red from below
Eh,
It's comfortable here!
so I knew the captain was here.
Aren't aren't you scared Supervisor?

Is it a symbol?
Or a lucky color?
Why are you always dressed in red?
Don't ask me questions!
What can I talk about with this woman?

It's so I don't feel scared

!!
Because even if I'm covered in blood in battle
I won't know if I'm dressed in red, right?
People who are frightened never move forward in life
they'll quickly run away, even abandoning their companions
Why did I say that?
I've
but most people will feel scared when they see the red blood
Though the level of pain will be decreased in battles
I just
don't want to become that kind of useless coward.

I want to fight until my last drop of blood.
I don't want to be scared.
So I wear red clothes.
...never told anyone about these things before
Really?
Not abandoning comrades,
You...
is this man's belief
...are laughing?
I'm not.
It's that I like you!
Hah... you're laughing at me right?
No I'm telling the truth
I'm happy to have met such a good man

Do your best tonight
In order to have no sacrifices
I will do my best
If I believe in a Knight of St John.
I will surely be betrayed in the end.

!!
Ship discovered in front!
Yes Sir!
YAY, I'M ACCURATE!
Great!
Must be a Turkish ship!
Fighting a navy ship?
GULP

The cannon doors are still closed!

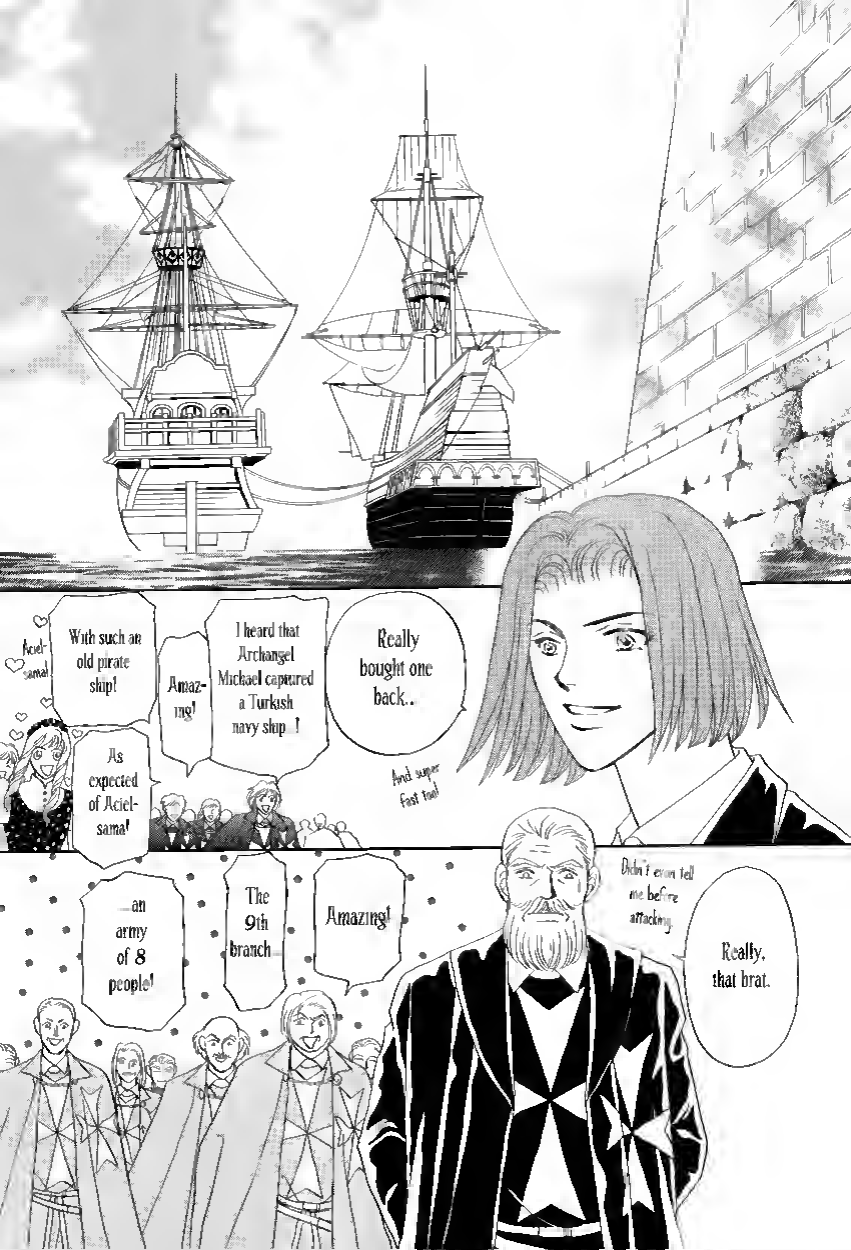
Hey
I told you not to laugh at me
You really are a "good man"!
though some parts of him makes me mad
He is pretty cool.
so I always wear red clothes



Really bought one back..
And super fast too!
I heard that Archangel Michael captured a Turkish navy ship !
Amaz-ing!
With such an old pirate ship!
Aciel-sama!
As expected of Aciel-sama!
Really, that brat.
Didn't even tell me before attacking.
Amazing!
The 9th branch
—an army of 8 people!

Captain Florent and everyone
thank you for your assistance
we'll take the Turkish ship
and you can take the ransom of the hostages
Work hard for a bargain!
We're the ones who learnt a good lesson
If you need anything please tell us
The Florent group will help Aciel-sama to the best of our abilities

RUSTLE...
Assemble on the deck!
Hey!
Ariel! look.

For commander Aciel,
salute!
SALUTES!

And so,
Actel and the maiden voyage of the 9th branch,

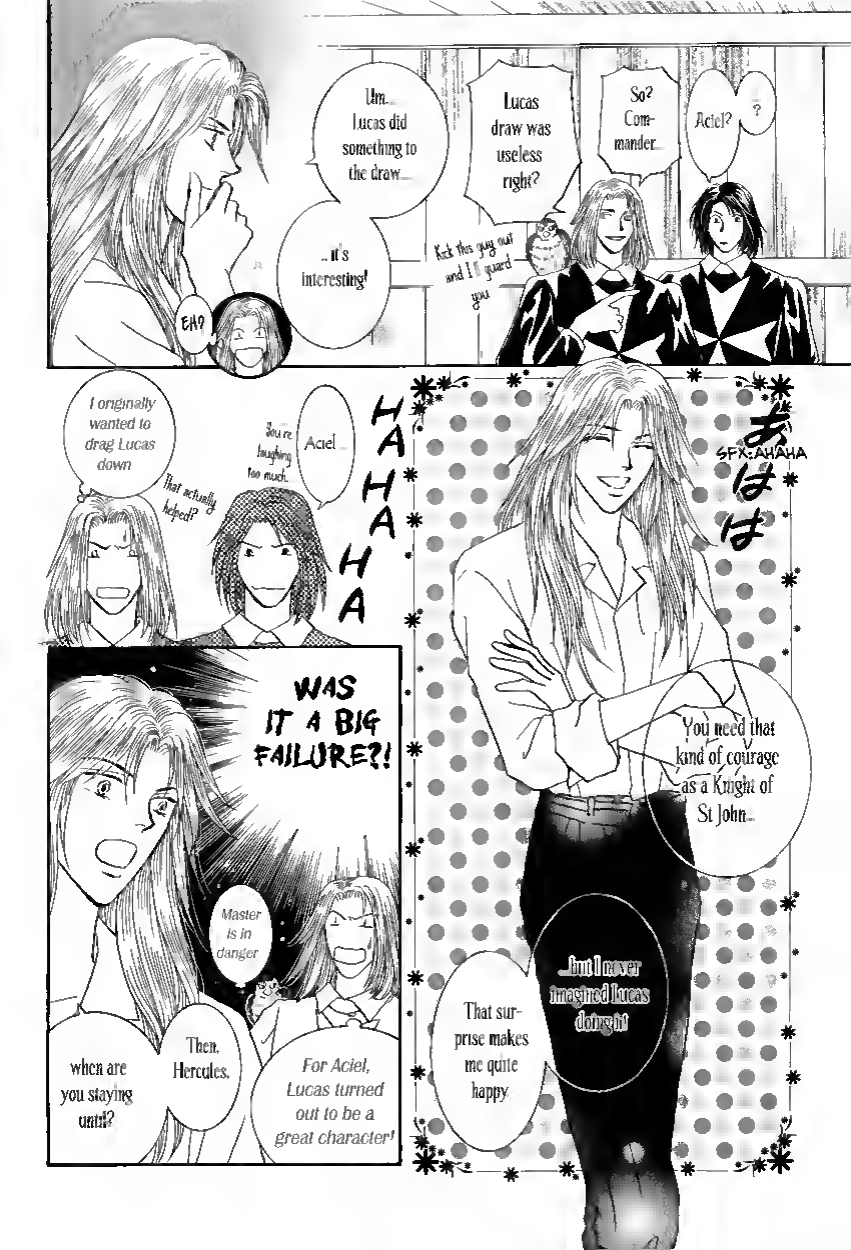
The first night on the pirate ship for Aciel and the rest
Why does Hercules need to sleep here now?
You go to Captain Juan and them!
Right Aciel!
And...!
You can't trust Lucas too much! The reason being...
Ah... Aciel. I invited him
Think about it. two guards are safer than one!
Did something?
Right Captain Juan, Augustine and the little imps might have been tricked...!
...but I wasn't!
...is that he did something to the draw in order to being in the same room as Aciel!
The worst night?
Hercules, saying that, do you really have no concern for the knights reputation?
...

Ah, but that doesn't mean I trust Hercules
It's not that I don't trust the others...
...but
I think I should be your guard
Depressed
I used cheap tricks to be in your room
As the results show, it's right,
Is it like that, Lucas?
I apologize for using cheap tricks
Uh... um
.....



Um... Lucas did something to the draw...
Lucas draw was useless right?
So? Commander...
Aciel?
?

Kick this pug out and I'll guard you
EH?
I originally wanted to drag Lucas down
You're laughing too much.
Aciel...
That actually helped!

SFX: AHAHA

You need that kind of courage as a Knight of St John...
...but I never imagined Lucas doing it!
That surprise makes me quite happy.
WAS IT A BIG FAILURE?!
Master is in danger
Then, Hercules.
when are you staying until?
For Aciel, Lucas turned out to be a great character!

Author Note: This doesn't mean she's seducing him!
Don't misunderstand
Hurry and leave, Chao!
you're in the way!
NO, I'M NOT LEAV-ING!
Master broke down
Really now, this guy...
But...
Actel has a natural attraction but to watch out for that
That was what happened the night before the battle with the Turkish navy ship
